

Conference on the Microbiology of the Built Environment

2015 Keynote Speakers

Christopher Lowry, PhD, Professor of Integrative Physiology, University of Colorado, *Old Friends: the Indoor Environment and the Hygiene Hypothesis. How Mycobacteria exposures add more pieces to an already complicated puzzle*

Maria Patricia Fabian, ScD, Research Associate Professor of Public Health, Boston University, *Modeling building intervention impacts on indoor environmental quality, asthma occurrence, and costs*

Bill Bahnfleth, PhD, PE, Professor of Civil Engineering, The Pennsylvania State University, *Before, During and After the new Research Agenda: If They Build It, Will THEY come?*

Anne Perring, PhD, Associate Research Scientist, National Oceanic and Atmospheric Administration, *Real-Time Optical Particle Recognition of Bioaerosol for Environmental Studies*

Zeljko Jurjevic, Ph.D., Principal and Senior Mycologist, EMSL Analytical Laboratories, Inc., *Recovering and Identifying Rare Biosphere Fungi from Water Damaged Environments*
